Morning service and sermon, 11 o'clock.
Young people's fellowship, 7:30 p. m.

Minister To Mutes
Will Preach Here

Rev. E. Siberson, who will preach at the First Lutheran church Sunday morning, is one of a very small group of ministers in the United States who give all their time to ministration to the spiritual needs of the deaf-mute-blind. Some years ago Rev. Siberson was attracted by such a faithful group in his parish in Colorado. He learned their sign language and preached to them. Later he was called to Topeka, Kansas, to take charge of a congregation of deaf mutes.

Besides receiving the preached Word, in the only language they can understand, by the same sign language they are able to sing together. To those who hear and speak, the sight of mutes "singing" is like a pantomime, but to them it is a real joy and satisfaction.

All persons who are interested in this ministration of mercy are invited to hear Rev. Siberson Sunday morning at 10:45 o'clock at the First Lutheran church.

CHURCHES OF CHRIST,
SCIENTIST

The Christian Science Lesson-Sermon has "Matter" for its subject on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Scriptural selections in the Lesson-Sermon include these passages from Leviticus: "Ye shall make you no idols nor graven image, neither rear you up a standing image; neither shall ye set up any image of stone in your land, to bow down unto it: for I am the Lord your God. . . . If ye walk in my statutes, and keep my commandments, and do them; then I will give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruit. . . . And I will walk among you, and will be your God, and ye shall be my people."

Among the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is the statement, "The law of Christ, or Truth, makes all things possible to spirit; but the so-called laws of matter would render spirit of no avail, and demand obedience to material codes, thus departing from the basis of one God, one law-maker."

FIRST CHRISTIAN

Engracia at Arlington avenues.
Phone 181-M. George Elleder, pastor.
9:30 a. m., the Church school meeting in several assemblies with classes for all ages. Scott Ludlow, superintendent.

Sunday school, 9:50 a. m.
Young people's meeting.
Morning service, 11:00 o'clock.

U. S. SOIL CONSERVATION SERVICE EXHIBIT
Los Angeles County Fair, September 13 to 29

"What is soil erosion?" Visitors to the Los Angeles County Fair, Pomona, September 13 to 29, will know the answer when they see the exhibit of the U. S. Soil Conservation Service, California regional office.

The nine by fourteen foot exhibit shows the variety of methods that are being used by the SCS and the CCC, in co-operation with the farmers to stop the washing of fertile soil from sloping lands by heavy rains. According to Harry E. Reddick, regional director for the SCS in California, soil erosion has taken over 3,000,000 acres of California's rich agricultural lands out of profitable production.

CCC enrollees built the exhibit under the supervision of A. E. Weidman, senior fiscal auditor for ECW camps in this state assigned to the Soil Conservation Service. These camps are located in Sonoma, Solano, Santa Cruz, Santa Barbara, San Bernardino, San Diego, Orange, Los Angeles, San Luis Obispo, and Ventura counties. Six of the camps are in active operation, and the balance will be under way the first of October.

Motorists! Watch Your Step, New
Vehicle Laws Are Being Enforced

SACRAMENTO.—With California's new vehicle code now in effect motorists will find state highway patrol officers enforcing several vital laws placed on the statutes by this year's legislature.

Outstanding among new measures designed to reduce accidents on state highways are:

- 1.—Following, according to Ray Ingels, director of department of motor vehicles:
- 2.—Death as a result of an accident. If death is caused within one year after an injury, the person having driven the vehicle in a negligent manner is guilty of a felony. A sentence of one to three years in state prison is provided.
- 3.—Intoxicated drivers. When bodily injury is caused by drivers under influence of intoxicating liquor, or when persons so driving do any act forbidden by law or neglect any duty imposed by law, drivers are guilty of a felony. A maximum sentence of five years in state prison is provided. Any person driving a vehicle while under influence of intoxicating liquor is guilty of a misdemeanor, and punishment is fixed at 30 days to six months imprisonment or by fine of \$50 to \$500 for the first offense.
- 4.—Reckless driving. When bodily injuries are caused by reckless driving, the driver can be punished by county jail sentence of from 30 days to six months or by a fine of from \$100 to \$500, or both for the first offense.
- 5.—Speeding. Persons arrested for speeding must prove to the court that they were traveling at a reasonable and prudent rate with regard to traffic, surface and width of the highway, and with regard to safety of persons and property.
- 6.—Speed at intersections. When a driver does not have a clear and unobstructed view of all traffic within 100 feet approaching an intersection, the limit is 15 miles an hour. This does not apply to traffic-controlled intersections, in which, if in a business or residential district, the limit is 25 miles an hour.
- 7.—Two car warnings. Two warning signals must be carried by two cars for placing on highways when giving assistance.
- 8.—Parallel parking. Except when loading or unloading merchandise, vehicles parking on through state highways must be placed so front and rear right wheels are within 18 inches from curb or edge of road. This also makes parallel parking obligatory on all state highways within incorporated cities.
- 9.—Warning lights for trucks. All commercial vehicles must carry two flares, red lanterns, warning lights or reflectors. Such lights must be displayed 200 feet in front and rear of the vehicle when disabled at night.
- 10.—Fire Signs' barred. The words "fire" or "fire department" are illegal except on display by authorized fire-fighting equipment.
- 11.—Patrol can investigate accidents. California Highway Patrol officers are given authority to investigate accidents where bodily injury or death is involved and can gather evidence to prosecute.

FAMOUS PLAY
by Materlinck
GIVEN SUNDAY

Olive Gentry

Miss Olive Gentry, of Hollywood, will present, in costume, the well known play, "The Blue Bird" by Maurice Maeterlinck, at the Christian church next Sunday evening, at 7:30 p. m. The public is cordially invited to attend. There will be no admission fee, but a silver offering will be taken.

Maeterlinck, in his play, which was very popular some years ago as a stage presentation, brings out the truth that the blue bird, or happiness, is "not in the Land of Memory, or in the Place of Night, or in the Kingdom of the Future," but that it is within the individual.

Miss Gentry has presented the play before many audiences, and an evening of rare entertainment is promised to all who attend.

Charity Picnic
Held Next Sunday

Assured of a vast attendance and an unequalled program, members of Elks Lodge No. 99 this week were completing arrangements for their big annual charity picnic scheduled for Sunday, September 22. The frolic, designed to raise funds for needy children and others, will be held in Newport's Verdugo Woodlands Park, near Glendale.

Some of the appealing items assured by the Elks for the day are: Free auto parking, dancing; 40 minute stage entertainment featuring the Leon Battner Juvenile Stars; Sheriff Eugene W. Blacaluz and his famous Pistol Team; real prominent judges presiding over a "Kangaroo Court"; and appropriate patriotic ceremonies supervised by Exalted Ruler Otto J. Enme.

Women Rated First in Ego
DES MOINES, Ia. (U.P.)—Women are more prone to overrate themselves than men, a survey by the Drake University psychology department has revealed. It was shown, also, that both men and women rate themselves higher than do their friends.

Keeping Up With Torrance High

Resumption of the educational program in Torrance High School was marked by an aud call in the gym Tuesday morning, September 11. The new Student Body president, Louis Zampferini, was in charge of the meeting. Miss Elizabeth Parks, vice-principal, presented the Student Body to the new principal, Mr. Thomas Hughes Elson.

Mr. Elson, who was principal of Torrance High School sixteen years ago, "felt like a long speech," but spoke very briefly in order to get classes under way immediately.

It is known, of course, that Mr. Elson is filling the vacancy left by Mr. A. G. Waldeich, who was transferred to Alexander Hamilton High School in the Fox Hills district in Los Angeles. Among the changes in the faculty are: The return of Mrs. Lois Engel, who will resume teaching in classes which have been under the supervision of Miss Constance Sommers, now at Jordan High School. Mr. Keith Crestes Horning will take charge of Mr. Vernley Tice's classes, the latter now at Audubon Junior High School. Mrs. Taylor falls heir to the vacancy left by Miss Boecker, also at Jordan. The office staff felt the loss of Miss Daisy Koehler, whose place will be filled by Miss Azeline Herron. Miss Elise Meads will assume Miss Herron's duties.

After spending one day in Torrance High School, the new principal, Mr. Elson, stated: "If the fine, friendly, co-operative spirit displayed by the Faculty and Student Body on the opening day is an accurate indicator, Torrance High School has entered upon a most successful and happy year. I am sure it will be that for all of us."

At the close of the first day of school in the new semester, there was a grand rush for the gym among the boys. Within a few minutes there was a long line across the south end of the gym. The mingled voices were excited and indistinguishable.

What were they there for? Football suits, of course. The line was broken and last year's players were given first choice, followed by the Seniors. Then the Juniors received their suits, and so on down the line.

According to a report from Coach Donahue, sixty uniforms were dealt out. This exhausted the supply. It was estimated from the line that formed that 125 boys wanted suits. As the supply was limited, it was "first come, first served."

Coach Donahue wishes to express his appreciation to the gardeners for the wonderful football field they have made for the

boys through many long hours of work during the summer.

Several prominent students from Torrance High's 855-class have enrolled at Compton Junior College. Among them are: Jayne Traller, Carl Paxman, Margaret Kibbe, Ione Green, Ella Levy and Julian Isen are attending U.C.L.A. Fern Wright is enrolled at L.A.J.C. Betty Stevenson is at Woodbury's and Ruth Granger, former editor of this column, landed in Pomona. Ted Adzovich and Jim Shidler are going to New Mexico State Teachers' College, taking the course in coaching athletics. Hal Smith and Bill Acree are at Loyola.

Torrance High School is represented at the Pomona State Fair by a model bungalow of the Vocational Education Exhibit. The members of the agriculture and landscaping classes got to work the first day of school and prepared the booth. Friday afternoon, Mr. Merrill, agriculture teacher, loaded the booth and plants on a trailer and, with a few of the boys, took them to Pomona and set them up.

Last week Torrance High's most honorable seniors had an election of class officers. Results of the election were as follows: President, Jack Javens; vice-president, Harry Richhart; secretary, Melvin Smith; treasurer, Robert Elder; reporter, Talmadge Ulrich; sergeant-at-arms, William Robinson; Girls League representative, Martha Bates; Boys League representative, Hubert Luck.

In past years the students who have had the honor of being in the World Friendship Club have been very fortunate in being able to participate in the wonderful programs that were given. Mrs. Granger, the sponsor of the Club, engaged many worth-while persons who addressed the club. Last year the Club set as their goal the task of making lines representing the foreign countries. This took time and hard work on the part of many of the members as quite a few flags were made. We want the town-folk of Torrance to know that not only the World Friendship Club, but other clubs such as the Forensic Forum, the G. A. A., and the Varsity and Junior Varsity Clubs are all accomplishing many worthwhile things.

Polecat Becomes Pet
CUSHING, Okla.—T. M. Jones, who lives southwest of here, has a two-months-old polecat for a pet. He answers to the name of "Jack." Neighbors report he is one of the most affectionate pets.

"I had no idea there was so much difference in Dry Cleaning until I tried the new . . ."

Prosperize
... Dry Cleaning Method Recently Installed by the Torrance Laundry Co."

Expressions such as this are heard every day at our new PROSPERIZE Dry Cleaning Dept.

Spotless and Odorless

Yes, DuPont's Per-Chlor-Ethylene, the new patented fluid we use in our PROSPERIZE Cleaning is doing everything we claimed it would. It's not a gasoline; it won't burn or explode. It is so gentle it will not injure the most delicate fabric, yet wonderfully penetrating. It leaves NO ODOR, keeps white clothing white, revives color, and brings back the "like-new" feeling to your garments.

Silks and satins sparkle with beautiful renewed luster. Woolens and serges come back soft with the nap raised. There is no shrinking with PROSPERIZE Cleaning. Your clothes fit as perfectly as before you sent them to be cleaned.
